Address of Business Hen to the Public.

CHICAGO, October 9.—A number of Democrats of this city, well known in business circles, have signed an address to the public which will appear in the Times to-morrow, claiming that the election of Hancock will not endanger or disturb the business interests of the country. They refer to the causes of the hard times following the panic of 1873, and the eventual return of prosperity, and say that the latter is due to natural causes. They conclude: "Hence the claim that the country owes its prosperity to the party in power, or that it will go to ruin if that party is turned out of power is an audacious one, and an insult to the intelligence of every business man." Pittsbung, October 9.—A terrible accident occurred here to night on the Pennsylvania railroad. Wall's accommodation, which left here at 1:30 p.m., collided with a special train from Greensburg at Twenty-eighth street, where the riots occurred a few years ago. Both trains were filled with people, especially Wall's, which contained several marching clubs which participated in the Democratic demonstration here to-night. It is reported that eight passengers were killed outright and ten injured. Nothing definite, however, is known at this hour.
